

Ponteland Neighbourhood Plan - Subgroup Report

Topic Group Education & Youth Activities

Meeting date 7.2.14.

Attendees:

- Alma Dunigan
- Mike Brown

Items discussed

- Reviewed outstanding subgroup evidence after joining Youth Activities with Education

Decisions

As Education and Youth Activities scope services the Housing need this group understands it has limitations. If the housing number is 850 within the timescale of the Local Plan evidence is showing a new High School would be needed by the end of the plan duration. If the housing numbers are lower this would automatically delay the need for a new school to be built.
